

STILLPOINT FARM

Rules for a Safe, Productive and Welcoming Training Center

- Please use good judgment while driving at the farm: Keep your speed under 10 mph, avoid the driveway in front of the stable, and keep your car a “distraction free zone.”
- Please use a high standard of courtesy in your use of all common areas: Collect manure immediately from arenas, driveway, stable aisle and wash areas.
- Stillpoint Farm is a “dog friendly facility” however, we are not a dog park, kennel or dog training site. Dog owners must take care to respect the farm in every reasonable way by: Collecting dog waste, keeping dogs away from training and high traffic areas and by promptly removing any animal that is disrupting horses, riders, veterinarians, or farriers.

All riders at Stillpoint Farm must acknowledge that they understand that, as a result of our “dog friendly” policy, there will be loose dogs on site by initialing here _____.

- We ask that you would acknowledge your responsibility for damage done to Stillpoint Farm by yourself, your animals or your associates. This includes but not limited to things such as broken mirrors, damaged kickboards and stall damage, etc.
- Stillpoint Farm considers dressage training a “team sport” and therefore welcomes our clients to bring friends and family. It is incumbent on our clients to see that all guests sign both our Liability Waiver and the Stable Rules acknowledgement sheet upon arrival.
- Please enjoy our Casino/Lounge area and viewing deck. They are for your comfort and enjoyment. Please take care to recycle anything that qualifies in bins provided and dispose of trash. We are happy to offer these comforts with the expectation that clients and visitors will tidy up after themselves and occasionally contribute to the tea, coffee, water, horse treats and munchie supplies.

**Thank you for your cooperation,
It is our privilege to provide you with a safe and beautiful training
facility.**
